

Dear Esteemed Patient,

After a rewarding thirty year career as a plastic surgeon, it is time for me to retire and move into the next phase of my life.

I have spent much time and consideration finding a fellow board- certified plastic surgeon who shares my philosophy of exceptional patient care. That physician is Dr. Kirk A. Churukian. Dr. Churukian has practiced for almost twenty years, and has earned an excellent reputation for his skill and dedication. He and I have worked together on many occasions during that time.

My practice, Plastic & Reconstructive Surgery, will be assumed by Dr. Churukian's private practice in its entirety. I will make myself available for a limited time to introduce you to Dr. Churukian and participate in surgical consultations in his Los Gatos office. Additionally, I may also be available to attend upcoming surgical procedures that you schedule with Dr. Churukian.

I thank you for your trust and confidence in my practice over the years. I can assure you that you will be in excellent hands with Dr. Churukian, and I know that you will share in my belief in his commitment to professional excellence.

Please review the enclosed information about the cutting edge technology for both surgical and non-surgical procedures that Dr. Churukian has to offer.

Again, many thanks for your trust over the years.

Warm Regards,

Gaeton T. Nola, MD
